Subject: Re: Tour of [Ex. 6 Personal Privacy (PP)]

I can see this afternoon, when I talk with Kent and Annette, how important it is to see EPDM (isn't that the elastomeric product?). Don't they also do regular tire crumb?

CPSC is interested. Just my thought- if we are as far as [Ex. 6 Personal Privacy (PP)] why not go to [Ex. 6 Personal Privacy (PP)]? If only some people want to go to both, that would be perhaps ok, too. Not everyone has to go to both, I guess.

OK, so it seems it is just under 2 hours to get to the [Ex. 6 Personal Privacy (PP)] facility, if we budget an hour and a half in [Ex. 6 Personal Privacy (PP)] and come straight back, It should be around 6 hours total, 8am-2pm (maybe a little longer if we are grabbing lunch on the way back).

If we want to go to [Ex. 6 Personal Privacy (PP)] it should be 2 hours to [Ex. 6 Personal Privacy (PP)] + 1.5 hours in [Ex. 6 Personal Privacy (PP)] + 30 minutes to [Ex. 6 Personal Privacy (PP)] + 1.5 hours in [Ex. 6 Personal Privacy (PP)] + 2.5 hours back. This should be 8 hours, maybe 9 with lunch and some delays along the way, and that would come to 8am-5pm.

I am starting from and coming back to [Ex. 6 Personal Privacy (PP)] in these calculations.

So, we should go to [Ex. 6 Personal Privacy (PP)] if we are either inviting CPSC and they are coming along or if we are interested in the manufacturing of EPDM. Do we know one or the other? (I am somewhat interested in the manufacturing of EPDM, but can do without, if most people are not - I don't think our task requires us to see it. If people do not want to take this long for the tour at all, we can also just send the information to Eric Hooker and he can organize the tour for CPSC.)

So, let me know what is preferred, I am trying to send out the Doodle poll so people could have this tour in mind before committing their days to other things, and I need to specify the times.

It will definitely be a long day and will run after hours. For me, on a perfect day, it can take over 2.5 hours to drive directly to [Ex. 6 Personal Privacy (PP)], but traffic gets worse each time I go. That said, it looks like a great opportunity.

We should find out, too, how many people can be accommodated.

Hi Ksenija - I'm not clear what kind of input you are asking from us. This facility sounds good, and if Eric is available and time allows, it would make sense to go to the [Ex. 6 Personal Privacy (PP)] space as well. I think it would be helpful if you can determine the full amount of time it will take to drive to all these places based on specific addresses. (This already looks like a full-day trip, perhaps not making it back to [] until after normal business hours). That's a factor as well.

Ksenija,

Ex. 6 Personal Privacy (PP)

Let me know.

Thanks

Hi [redacted]

I am setting up the Doodle poll to lock in the date for our tour of your facility, but I did want to check a couple of more things with you. How much time should we budget; do you think that 10:30 – 12:00 is enough? Also, does the same [redacted] campus facility make playground material?

Thank you and all the best,
Ksenija
